The Contractor will however make efforts to provide more than five (5) ambulances simultaneously, if required, by ESIC Hospital & ODC, Joka within the same ceiling rates and terms and conditions. The cumulative distance covered by all the Ambulances will be taken into account for calculating the fixed monthly distance and the additional “kms” covered for additional payments on per 50 km basis as per the rates in the Price Schedule.
- (b) The ambulances should be equipped with Twin stretchers, Emergency light with hooter, Hygienic washable vinyl flooring, Foldable attendant and doctor’s seat, durable oxygen cylinder bracket with holder, exhaust fan and normal fans for patient, small drug cabinet, stand for intravenous fluid, 12 volt plug point for connecting monitors, provision for connecting transport ventilator, any other facilities as specified by the Govt. of Ambulances.
- (c) There should be 3 drivers and 3 stretchers bearers to operate the three (3) permanently stationed ambulances per shift of 8 hours and totally 9 drivers and 9 stretcher bearers per day for three ambulances round the clock.

- (d) The three Ambulances should be available for service round the clock without any disruption.
- (e) The Ambulances to be provided should be in excellent condition equipped with oxygen cylinder and oxygen facility. The oxygen should be filled by the service provider himself.
- (f) Similar requirements for ordinary ambulance for Service Dispensary Haldia , Sevice Dispensary Falta and ordinary ambulances on-call basis.
- (g) The monthly package rate to be offered for round the clock service for a minimum of 5000 (Five thousand) kms cumulatively for all ambulances including additional on call ordinary ambulances with oxygen, drivers and stretcher bearers may be quoted by the service provider.
- (h) The trip distance for ordinary ambulance will be calculated for “to and fro” journey from ESIC Hospital & ODC, Joka/Service Dispensaries, Haldia and Falta to the destination.

2 Critical Care Ambulance –On board air-conditioning, Electric supply for equipments, Oxygen supply, Scoop stretcher, Autoloader trolley, Spine board, Head-neck immobilizer. The ambulance should have one qualified (MBBS) doctor, one technician or one nurse, two stretcher bearers and one licensed driver on board during patient transport. The details of (i) Name, (ii) Photo ID, (iii) Qualifications / Medical Registration Certificate (for Doctor), and (iv) Mobile phone number of all the ambulance staff are to be provided by the bidder to ESIC Joka, initially after award of the contract, and update the same from time to time. The Critical Care Ambulance should be equipped with Portable Ventilator with invasive and non-invasive ventilation modes; BiPAP machine (if portable ventilator does not have non-invasive ventilation mode); Portable Pulse Oxymeter; Portable automated NIBP Monitor; Biphasic defibrillator with ECG monitor and temporary pacemaker; Syringe infusion pump; Suction machine; Manual Resuscitator (Bag-Valve-Mask); Anaesthetic Laryngoscope and assorted sizes of tracheal tubes for adults; Emergency drugs and consumables cart. The on call basis vehicle with same facilities should be provided as and when required within 10 minutes.
